ACTIVITIES AND INTERESTS

Environmental Conservation • Fishing • Computer Gaming

EXPERIENCE

FRONT OF HOUSE MANAGER, BAR MANAGER
CAROLINA BREWERY, CHAPEL HILL, NORTH CAROLINA
FEB 2019 – JULY 2022

Manage scheduling, hiring, training, and onboarding of all front-of-house employees at the restaurant. Developed a scheduling matrix and onboarding checklist to streamline the acquisition and retention of new employees while ensuring all hiring needs are met. Pushed advertising of updated off-site catering capabilities and oversaw all scheduling, invoicing, and set up of all off-site events. Interacted with guests daily, ensuring a positive experience and remedying anything they were not satisfied with, building a network of faithful regulars.

PROJECTS

Tabletop RPG party manager

TTRPG party manager for use by players or GMs to manage character experience, gold, and alignment on a party level. Powered by Java, MySQL, SpringBoot, Thymeleaf, and JS.

SpringWise

Collaborative project to simulate real world work flow with multiple branches, tickets, and development environments. Powered by Java and Spring
